Message from the President

2011 – MOVING ON UP AT ACC!!

Welcome to 2011 at Andover Cricket Club! I said last year that the 2010 season would be challenging both on and off the field. It was perhaps more challenging off than on, for several reasons. Having said that, congratulations must go to the first team for winning Division 2 of the Premier League; a truly brilliant effort by the whole team. The league was nip and tuck all the way through, it was I am sure the team spirit that saw the 1st XI capture the highest award in the Club's illustrious history. However, the rest of the teams had to fight to stave off relegation and also withdrawal of the 6th XI.

2011 will be no easier than 2010 – in fact in many ways it will be more challenging, with more opportunities for us all. Phil Knight takes over the Chairman's role, Matt Goodman as Vice-Chairman and we welcome back Andy Hooper, as he takes over the Chair of Selectors' role vacated by Big 'F'. Again we have a committee that is totally committed to the future of your club, and to the future of youth cricket in Andover. There is no doubt that we have the infrastructure and commitment from players, supporters and volunteers to move this great club forward to the next level over the coming years.

We continue to have a flourishing youth section, with over 200 members, and that is the future of our club. We must continue to nurture this talent by volunteering to run coaching sessions and attending coaching courses so we can get the best out of our youth section. It is pleasing to see that our first team consists of so many former ACC colts, which proves how effective our youth section is at nurturing talent. Long may this continue.

As ever, the ground at London Road is one of the finest in Hampshire, which was reflected in the league ground ratings last season. We would not have these highly commended facilities if it not for the hard work and dedication of Ken Brown, we must however continue to support him by volunteering our own spare time to help out on the ground.

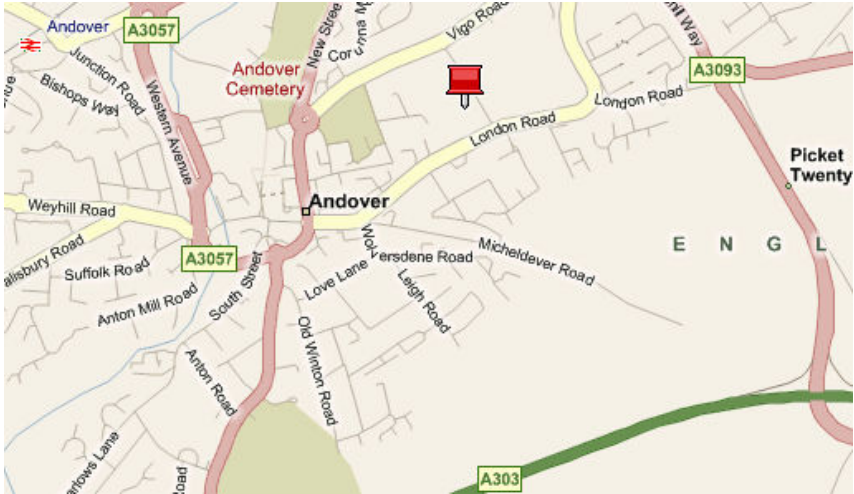

One final point – please, please, please ENJOY your cricket at ACC because that is what we are all about. Play with a smile on your face, in the spirit of the game and then have a drink afterwards! Here's wishing you all a very enjoyable and rewarding season. I'll see you at the bar.

With best wishes to you all,
Tim KEIGHLEY (**President – Andover CC**)

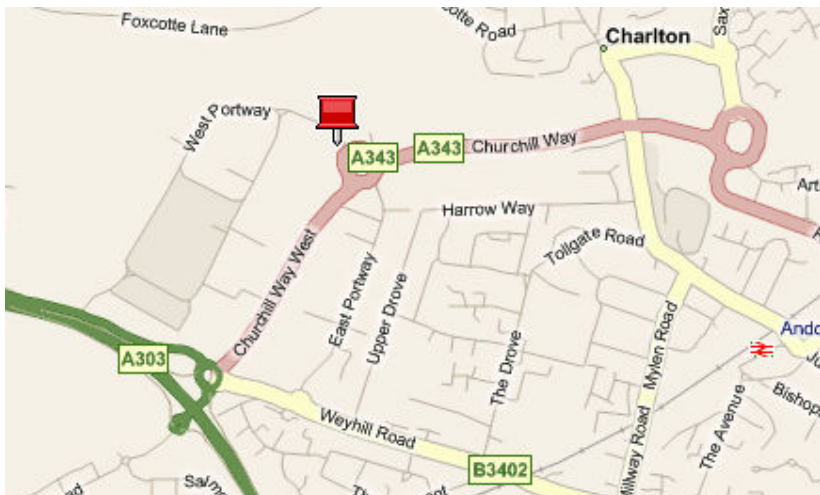

Andover CC Locations

Andover Cricket Club head quarters are at the London Road Sports Ground (Batchelors Barn Road Andover SP10 1HR), where there are two grounds. On Saturdays 1st & 2nd XI play on No.1 ground, and 3rd & 4th XI playing on No.2.

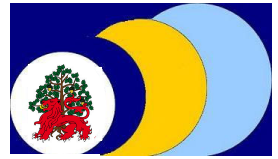

The 5th XI play their Saturday fixtures at the Charlton Sports and Leisure Centre (West Portway Andover SP10 3UW).

2010 – Promotion into Premier Division

Andover 1st XI had the most successful season in the club's history, claiming the Southern Electric Premier League Division Two title and reaching the Semi-Final of the Twenty20 Cup. After being relegated from division one the previous year and losing 7 key players, the side did not expect to be competing at the top of the table. However, some shrewd signings over the winter, including former Havant run-machine Will Prozesky and New Zealand under 21 star James O'Gorman, and under the new captaincy of Richard Taylor, the side started the season in style. In their first game of the season, they overcame last season's third place side Burrigge in the rain thanks to an excellent knock from Jonty Hadfield, the first of four fifties for him over the course of the season, which was followed by a trouncing 9 wicket win over local rivals Hursley. It was against Hursley that the Andover side witnessed first-hand why Will Prozesky is so highly rated as he struck a quick-fire 90.

After two convincing wins, the Andover campaign hit a bump as Hartley Wintney chased down a huge 301 at the compact Hartley ground. This was a shock to the system for the boys but arguably was the 'kick up the backside' that they needed because in the next game Andover broke a host of records at Rowledge. After Ali Hooper had demolished the new ball to all parts of the ground on his way to a rapid fifty, Will Prozesky crashed 177 in 90 balls, an Andover record, and led the team to 412-4, a Southern League record. James O'Gorman, Mark Copleston and Ali Hooper all scored back-to-back fifties in those two games as the town side started to light up the Silver league with their powerful hitting.

The young Andover side then started a nine game unbeaten run, including some thumping victories. James O'Gorman inspired an excellent team display to see off second placed Hook and Newnham Basics. The kiwi import blasted a chanceless hundred to help post 277 which Hook did not even come close to reaching.....

TWININGS

For us, tea is more than just a drink. It's a way to calm down, to wake up, to spark an idea, to share a story...

Our own story started in 1706. That's when Thomas Twining first set up shop on London's Strand.

More than 300 years later, the passion's still there – and so are we. We still sell tea from Thomas's shop, and we still work hard to bring new blends to tea lovers. Now we have over 100 varieties, and our teas are drunk all over the world.

True to Thomas Twining's exacting standards, we only blend the finest tea from the finest tea gardens. Our expert blenders – and we've got more of them than any other company – taste more than 3,000 cups of tea every week. So you can be sure the next cup you taste will be every bit as good as the one yesterday or the day before.

Ensuring your Selection

In 2010, Andover Cricket Club introduced a new automated method for selection; this was assist both the selection process and notification to players. Ultimately each playing member became accountable for their own selection by ensuring that their availability was communicated to the Selection Committee, via the on-line Availability form. You should remember that the Selection Committee meets on Monday evenings at 7:30pm; so all information should be updated by that time.

Once you have logged into the website using your own Login and Password you should use "Availability" on the top menu. You will be presented with dates relating to the seasons fixtures, using the drop down list simply select the relevant status to reflect your availability.

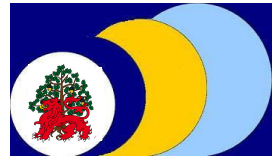

Andover Cricket Club availabil

Disciplinary

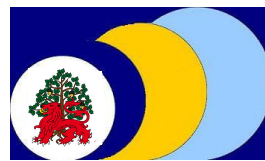

Andover CC – Disciplinary Policy

Please ensure that you have read and fully understood the information provided regarding the Disciplinary Policy. If you have any questions please contact the Chairman, Chair of Selectors or the Welfare Officer.

Any representative of Andover Cricket Club, player, official, member or supporter must be aware that any behaviour or action that brings the Club into disrepute are subject to disciplinary action.

The offending person will be asked to appear before the disciplinary committee, which will be formed by at least three executive committee members, within 14 days of the reported offence, to discuss the matter. They will advise the person of the action they have agreed. The Southern Premier Cricket League tariff of warnings and suspensions will be followed (please see the table of warnings on the following page).

The offending person has the right to appeal before the whole Executive Committee if they do not agree with the action taken by the Disciplinary Committee. This meeting will take place within 14 days of the initial meeting. The Executive Committee's decision will be final.

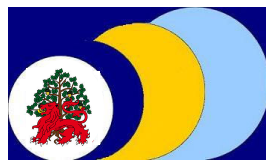

Standard tariff of warnings and suspensions

Ref. No.	Offence	First Offence	Second Offence	Third Offence
1	Showing dissent by disputing an umpire's decision by word, and/or gesture.	1 match suspension	2 match suspension	4 match suspension
2	Directing crude or abusive language at an umpire or opponent	2 match suspension	4 match suspension	6 match suspension
3	Use of crude or abusive hand signals directed at an umpire, opponent or spectator	2 match suspension	4 match suspension	6 match suspension
4	Making racial comment or comment that could be interpreted as such	2 match suspension	4 match suspension	8 match suspension
5	Threat of assault or physical interference	4 match suspension	8 match suspension	18 match suspension
6	Physical assault	18 match suspension	Life suspension	

The number of offences are intended to be over a playing season, however items Ref. Nos. 4, 5, & 6 may be considered as repetitive over a longer period. The Disciplinary Committee would notify a player and club of the period at the time of any ban.

All offences shall be reported in writing, by the umpires on the Standard Report Form. The umpires shall, before leaving the ground, notify the player and a representative of both clubs their intention to submit a report. A copy of the report should be sent to the Secretary of the League as soon as is practical and no later than five days after the event. The Umpires should keep a copy.

Should a club accept the Umpires' Report, and take action themselves against the offending player in line with the above, notifying the League Secretary of their actions, any ban imposed and the starting date of the ban, the Disciplinary Committee will take into account this action and if satisfied take no further action other than to record the facts and ensure the ban was implemented.
